HE SAVED HIS NECK.

A LUCKY NEGRO EN ROUTE TO THE "PEN"

GOES FOR THIRTY YEARS.

A Negro Whose Sentence Was Commuted By the Governor—Gets Thirty Years.

Deputy Marshal J. B. McGowan, of Kansas City, passed through the city this morning on his way to Jefferson City in charge of four prisoners who will be charged of the state for several years to come.

A negro named Tom Smith goes up thirty years for murder. He shot another negro in Kansas City, was tried and sentenced to be hanged. His lawyers made a strong appeal for executive clemency and the governor was induced by the evidence to commute his sentence. Smith appeared to be as happy as if he was on his way to freedom instead of passing practically the remainder of his days behind prison bars. He was a ferocious looking customer. Carrie King, a neatly dressed and her good-looking mulatto woman, was handcuffed to Smith, and goes up two years for larceny.

John Caldwell, white, and Chas. Miller, each go two years for larceny from a dwelling.

THE FAST "KATY" TRAIN.

It Will Start June 18th and Set a Pace for North and South Roads.

The long talked of fast through passenger train will be put on the Missouri, Kansas and Texas on Sunday, June 18th. The company proposes to institute a fast service that will mark an epoch in passenger transportation between northern and southern points.

The train will consist of a first class and second class coach, a chair car and a sleeper, vestibuled throughout, and will go from San Antonio to Chicago in 41 hours. No mail will be carried but it is possible that a through express will be put on. The train will stop only at county seats and railroad crossings. Between Parsons and Sedalia the fast time of 35 miles per hour, including stops, will be made.

The train will arrive in Sedalia at night, the north bound reaching the city at about 1 a. m. and the south bound at about 5 a. m.

It Was Postponed.

Owing to the downpour of rain it was decided at a late hour yesterday afternoon to postpone the corner stone laying of the George R. Smith college. The ceremonies took place this morning at 9 o'clock, and the programme as heretofore announced was carried out with the exception of City Attorney Cashman's address. He was unavoidably absent. Besides the regular speakers, short and interesting addresses were made by Mrs. M. E. Smith and Contractor La Porte. The work on the college will be pushed vigorously forward.

Johnstone's Difficult Task.

Paul Alexander Johnstone, the New York mind reader, who recently appeared in Sedalia, will endeavor Friday and Saturday to find a pin head sticking in some obscure corner in Wind cave near Hot Springs which has been explored for over sixty miles and the passages of which are difficult and dangerous.

There Was No Dead Man.

One of the trainmen on the fast mail stated at the depot upon the arrival of the train this morning that he had seen a man, apparently lifeless, lying near the track at the Missouri Pacific stock yards east of the city. Officer Myers was notified in East Sedalia and at once proceeded to the spot, but a thorough search failed to reveal any traces of a corpse. It is probable that the trainman was affected with "oriental strabismus."

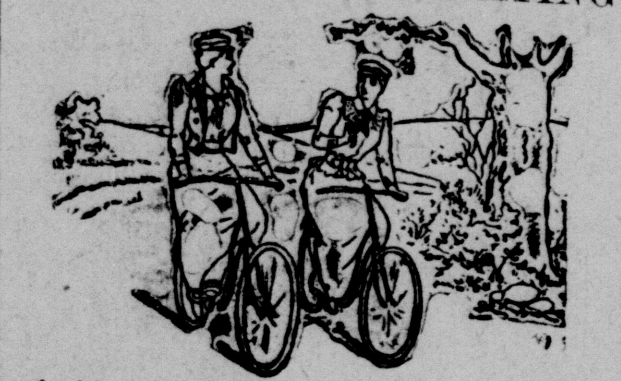

MANY COMING TO SEDALIA

HAS SKIPPED OUT.

Ed J. Arnold Takes a Hasty Departure from the City.

Ed J. Arnold, a young man of 22 or 23 years, who was employed as a clerk at Hoffman Bros. hardware store from January 1 to April 1, when he was discharged, has departed from the city quite unceremoniously, and several creditors are mourning in consequence.

For the past month he has been in the employ of Jacobson & Swartz, and roomed in the Gold block, while he took his meals at Mrs. Hall's. The latter loses \$24, Capt. Gold \$15, Henry Kuesel \$6 and other parties are out various amounts.

Arnold came here from Cameron, Mo., where his father is engaged in the hardware business. The young man attempted to cut a wide swath in society, and it is said that more than one young lady mourns because of "Eddie's" absence.

Severely Bitten by a Dog.

A little son of Mrs. Martin, a widow, living on South Engineer, was severely bitten this morning on the calf of the leg by a savage dog owned by a family residing at No. 1202 East Twelfth street. An undivided dose of about fifteen buckshot would be the proper thing for the dog.

Their Monthly Fine.

Flo Reed, Hazel Reed and Myrtle Johnson were fined \$10 each yesterday for being inmates of an immoral house.

The Cause of Delay.

Should the DEMOCRAT not reach its readers at the usual hour to-day, it can be accredited to the stopping of the machinery at the electric power house. At 11 o'clock almost a quarter of a mile of the trolley wire on the Forest park line fell to the ground, "grounding" the current. The difficulty was removed at 1:30 p. m.

THIS IS CHOLERA YEAR.

In order to prevent CHOLERA and to keep the system clear from MALARIA use Wood's Celebrated Cathartic Pills. These pills are also an excellent remedy for fallow complexion, skin diseases. Nothing can excel them for a blood purifier. These pills have a world-wide reputation for Indigestion, Sick Headache, pain in the head, side or back and Liver Complaint. Try one box and you will be convinced. Over 300,000 boxes are now being sold annually.

Wood's Magic Oil or King of Pain.

An external and internal remedy, has no equal for the cure of Cholera, Cramps, Diarrhea, Sprains, Bruises, etc. These remedies should be kept constantly on hand and used liberally when symptoms of the above diseases make their appearance. These remedies can be purchased at the Opera House Drugstore and at most all first-class drugstores.

HE CARRIED A GUN.

Lon V. Stephens Is Fined For the Next Train Robbery on the Missouri Pacific.

State Treasurer Lon V. Stephens stopped over between stations this morning, on his return from Kansas City to the state capital. His pocket bulged suspiciously, and when a reporter attempted to investigate he was confronted by a pistol in the hands of the gentleman who had such an exciting experience with the Pacific train robber. The pistol's calibre is not listed by gun companies, but it was far beyond that of a 44. Matters were explained, however, when it was seen that the pistol was of glass and was filled with red peppermint drops. Lon says that the next train robber who tackles him will get into trouble.

It was a coincidence to find that the express car which was blown up with dynamite was attached to the train, and was being "dead-headed" to St. Louis for repairs. The twisted iron, the missing window panes and the battered door from which the panels had been blown, and a big hole torn in the corner, showed the terrible power of the explosive.

Police Court.

The following cases were disposed of in the police court this morning: Walter Pate, T. Flannigan and E. L. Richardson, three unusually well-dressed young men, one of them flashing a diamond horse shoe scarf pin, were arraigned for stealing a

There has been no part of our business that has caused us more trouble and loss than the vegetable department.

One day we would buy too much and have it to throw away at night, and the next day we would not purchase enough and would disappoint our customers by not being able to supply them.

To overcome this difficulty we have, at a great expense, put in one of Derrnell's patent Fruit and Vegetable safes. They are manufactured at St. Paul, Minn., and are the most successful thing of the kind we have ever seen. It is a large safe enclosed on all four sides with glass, thus insuring perfect cleanliness, and an atomizer placed in the top throws a fine spray of water all the time thus keeping the contents fresh and tempting.

It will have to be seen to be appreciated. A cordial invitation is extended to all to call and see it.

THE DEMOCRAT,
Sedalia, Mo.

OFFICE: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

THE DEMOCRAT goes on the theory that it is better to be a day ahead with the news than to be a day behind.

THE berry crop in Pettis county, we regret to learn, will scarcely produce more than one-half of an average crop, owing to the severe winter and wet spring.

OUR sympathy goes out to Dick Horne, of the Marshall Democrat-News, who thus wails: "We are now ready to be 'done up' again by any stranger that comes along."

THE directory of Pettis county, just completed, shows that there are 3106 men and women in the county who pay taxes, their mail being received through thirty-three post-offices.

It is now said that President Cleveland will convene congress in extraordinary session about the first of October instead of the middle of September, as originally contemplated.

It takes something more than a little rain to knock out the DEMOCRAT when it comes to reporting the interesting ceremonies incident to the laying of the corner stone for a \$40,000 college.

THE weather during the past spring was the reverse of encouraging for our agricultural friends, and there wasn't any particular improvement noticeable on the ushering in of the summer season to-day.

SECRETARY HOKE SMITH is being warmly congratulated on his recent pension decision, which shuts off thousands of unworthy people from the public crib and will save the government between \$15,000,000 and \$20,000,000 annually.

THE promotion of efficient officials on the Missouri Pacific still continues, we are glad to state; and this is one of the principal reasons why it is the best managed road in the west. The gentlemen at the head know just what is needed, and they do not hesitate to supply it.

It is impossible to tell what a few hours will bring forth, as those who were to have participated in the ceremonies incident to the laying of the corner stone for George R. Smith college Wednesday learned, and as the DEMOCRAT also learned—after it had been put to press.

THE Presbyterian assembly has sustained the verdict of the New York presbytery in the case of Dr. Briggs, and he now stands convicted of heretical teachings, for which he may be suspended, deposed or expelled from the ministry. The vote to sustain the appeal was 383 for to 116 against.

THERE will be a "deep hush" around the Gazette office some of these fine mornings in the near future if a number of I. O. U.'s now hanging over the corpse are not lifted; and the journalistic "freaks" who have succeeded in ruining a fine newspaper property will then be at liberty to again roam through the land in quest of "jobs."

OUR townsman, O. A. Crandall, has handed the DEMOCRAT a copy of the Financial News, London, England, in which is set forth a point of curious interest that arises out of the movement of gold, though it has nothing to do with finance. The coin is in the most care- Bank of England's

skilled men, is sent north by train in charge of a couple of clerks—the job is much coveted in the Edinburgh banks, for it means a day or two's free holiday in London—is stowed in the bank cellars on arrival, and, when the note circulation shrinks again, is sent back in the same way, without ever being opened or looked at. Yet when it is unpacked and weighed at Thread-needle street, the coin is found to have appreciably lost weight—a fact that is well vouched for, though nobody can explain why the change of air should have so much influence. The loss is, of course, debited to the bank which got the gold.

How DOES it come that nothing is heard regarding the populist governor of Kansas forcing the officials of the M., K. & T. railway to remove the general offices of the company from St. Louis back to Parsons? Is it true that his excellency tried a huge bluff, and, when "called," meekly laid down? Is it a fact that President Rouse informed the people of Parsons that if they did not cease their talk about forcing him to return the offices to Parsons he would cause the few remaining officials to be removed and would also deprive the town of the shops. And is it further true that when thus apprised a committee of Parsons' leading citizens called upon the governor and demanded that he drop his bluster and leave the M., K. & T. alone? This is the information the DEMOCRAT has been given, and we have ever reason to believe that it is correct.

It is true that the Mohammedans of India are coming to this country in large numbers, it is fortunate that they did not begin coming sometime ago. Any large infusion of Mohammedans would have complicated very much the World's fair Sunday opening question, the *Detroit Free Press* thinks, because the Mohammedan Sabbath comes on Friday. If the industry, thrift and wealth of the emigrants who are said to be coming have not been overestimated, they ought to make good citizens; yet their coming will excite a great deal of religious prejudice. In theory the American people are broadly tolerant of all religions; but in practice they are apt to regard any religion but Christianity as unworthy of the name.

THE SEDALIA DEMOCRAT assures the Springfield Leader that Congressman Heard will get around to the postoffices here in due time, and cautions Col. Kennedy to keep cool. If Col. Kennedy means to keep cool at all, now is the time. It's going to be hot in a few days.—*Springfield Democrat*.

No use of getting heated under the collar, neighbor. Great bodies move slowly, you know, and Mr. Cleveland's avoirdupois is a matter of history. In the meantime, don't criticize Mr. Heard until you first make certain that he is deserving of criticism.

RELYING on an inaccurate dispatch sent out from Cincinnati chronicling the removal of General Passenger Agent Faulkner, the Parsons Palladium says:

"Mr. Miller has removed a barnacle at the outset and the Palladium congratulates him on starting out right."

As Mr. Faulkner has not yet been removed, the editor of the Palladium will either pay his fare or walk over the M., K. & T. if he has any business along the line—at least until there is a change in the passenger department.

VERY little has been done, we regret to say, in the way of street paving in Sedalia this year. If any improvements of this character are contemplated next year it might not be a bad idea to pass the necessary resolutions, ordinances, etc., before the close of '93, and then possibly a start could be made in the actual work of paving in '94 before one-half of the year had rolled by.

DR. J. C. HARTZELL, corresponding secretary of the Freedmen's Aid and Southern Educational society, appreciated the DEMOCRAT's enterprise in reporting the corner stone laying exercises in yesterday's issue; and, as a result, the DEMOCRAT is the only local newspaper containing an account of the ceremonies that was placed in the corner stone this morning.

ACTING MAYOR HONKOMP has not yet signed the ordinance providing

for the purchase of a second-hand steam roller for the city at an expense of \$2700. He has been opposed to such an expenditure from the first, and, unless he reconsiders, the ordinance will most likely fail to receive his signature, in which event a large number of taxpayers will be highly pleased.

THE republicans have already commenced to arrange for the campaign of 1896, and it is evident they intend to make a desperate effort to recapture what they lost last November. But the g. o. p. is now at a greater disadvantage even than being outside of the breastworks, for the fact can no longer be denied that it has run entirely out of such great men as once directed the course and won its victories.

THE latest threatened strike was that of waiters in the restaurants of Kansas City. It failed to materialize for an excellent reason, however, viz: The proprietors of the respective houses discharged every man in their employ who belonged to the Waiters' Union, before the time fixed for the walk-out.

Married Last Night.

Mr. C. C. Gentry, one of the most prosperous young farmers of Pettis county, who resides four miles west of the city, was married at 6 o'clock last evening to Miss Minnie Gottschalk, the accomplished daughter of Mr. and Mrs. Chas. Gottschalk.

The ceremony was performed at the home of the bride's parents, No. 330 North Grand avenue, Rev. Stevens, of the First Congregational church, officiating. The wedding was private, only the immediate families of the contracting parties being present.

Mr. and Mrs. Gentry left to-day for their country home, and carry with them the best wishes of a large circle of friends in Sedalia.

A Good Home Market.

The Wrestling Match.

Jack Chaney, the obliging corresponding secretary of the Sedalia Athletic club, has everything in readiness for the wrestling match between Eldred Harrison, of the Marmaduke Military academy, and C. E. Young, of the Missouri State university, which takes place at Harmonie hall Saturday night. Harrison will arrive in Sedalia this evening, and a telegram from Young states that he will be in Sedalia by Saturday night.

B. A. McFadden, who so cleverly put Prof. Christol's shoulders to the floor in three straight falls, will give a twenty minutes' address before the match begins, upon the subject of physical culture.

Plenty of Wild Strawberries.

Jeff Eckles says that there are more wild strawberries between Sedalia and Lexington than he ever saw before in his life. They are very large and of a superior flavor. A hatful gathered by him at Muddy yesterday testifies as to the lusciousness of the succulent fruit.

Charged With Forgery.

Harry Lewis, a newspaper reporter from everywhere, who once worked in Sedalia, is in jail at Chattanooga, Tenn., for forgery, having signed the name of a saloon keeper to a check, on which he secured money. He was taken before a justice of the peace yesterday and remanded to jail in default of bail. He claims to have done work in nearly every city of prominence north and west.

Fine Racing Boats.

In the baggage car of the south bound train last evening were four racing boats that were models of their kind. Three were made of cedar and were so thin that a person could easily break them with a blow of the fist. The fourth was made of aluminium, and while it was almost as large as the car, yet could be easily lifted with one hand. They were the property of St. Louis oarsmen who were en route to Galveston, where they will take part in the races next week. Valuable prizes have been offered.

AN ORDINANCE.

AN ORDINANCE accepting and approving the work of paving Third street, in the City of Sedalia, Missouri, from the west line of Lamine avenue to the east line of Hancock avenue, and to assess and levy a special tax on the abutting property, and to order tax bills to be issued therefor as provided by an ordinance entitled, "An ordinance providing for the paving of Third street from the west line of Lamine avenue east to the east line of Hancock avenue," passed 20th day of October, 1892, and approved on the 20th day of October, 1892, and the proceedings of the city council in the premises.

Be it ordained by the council of the City of Sedalia, Missouri, as follows:

SECTION 1. That whereas, on the 19th day of September, 1892, a resolution was duly passed by the council of the City of Sedalia, declaring that said council deemed it necessary to pave Third street, in the City of Sedalia, in Pettis county, Missouri, from the west line of Lamine avenue to the east line of Hancock avenue in said city, and which resolution was duly published for the time and in the manner required by law:

And whereas, afterwards on the 20th day of October, 1892, in pursuance of said resolution, an ordinance was duly passed by said city council as authorized by law providing for and requiring the paving of said street from the west line of Lamine avenue to the east line of Hancock avenue which ordinance was duly approved and published and is entitled, "An ordinance providing for the paving of Third street from the west line of Lamine avenue east to the east line of Hancock avenue," passed the 20th day of October, 1892 and approved on the 20th day of October, 1892; and whereas, in pursuance of such ordinance bids were duly advertised for and received for said improvement of said portion of said Third street and an estimate of the cost thereof was duly made as provided by law and said ordinance and submitted to said council and thereafter E. G. Church being the lowest and best bidder for such paving the contract therefor was awarded to said E. G. Church for the sum and price of \$2.00 per square yard, the amount of his bid, being at a less price or cost than shown by the said estimate and said E. G. Church duly gave bond as required by said ordinance.

And whereas said E. G. Church has fully complied with his said contract, and has completed the paving of such street in the manner and as prescribed by such contract and said ordinance, and whereas the city engineer has calculated the cost of paving said street including squares and areas formed by the crossing of intersecting streets provided to be paved under said contract and ordinance, and has also ascertained the

number of front feet in each lot or piece of ground owned by each property owner fronting thereon and the proportion of such number of feet to the whole number of feet on the portion of the street paved and has returned such calculation in writing to the city clerk;

Now, therefore, in view of the premises said paving and improvement and work done, with all prior proceedings are hereby approved and accepted.

SEC. 2. The whole amount of the cost for the paving of said portion of said street including the squares and areas formed by the crossings of intersecting streets, provided by law and said ordinance and contract, to-wit: at the rate of \$2.00 per square yard, being as duly calculated by the city engineer, 5,456 dollars per lineal foot, is hereby levied and assessed for each block separately as a special tax against and upon all lots and pieces of ground abutting on both sides of said portion of said Third street between the west line of Lamine avenue and the east line of Hancock avenue, in the City of Sedalia, Pettis county, Missouri.

SEC. 3. The city clerk, on the passage and approval of this ordinance, is here directed at once to proceed to perform and do all and every duty required of him and the things he is required to do by said ordinance passed October 20th, 1892, and approved 20th day of October, 1892, and by the law, and especially in the matter of apportioning the cost of said paving among the abutting property owners and in and about the assessment and levying of said special tax, and the issuing and recording of special tax bills, as required by said, this ordinance, and the law.

SEC. 4. This ordinance shall take effect from and after its passage and approval.

Passed by the council of the City of Sedalia, Missouri, this 29th day of May, 1893.

CLEMENS HONKOMP,
President of Council.

Approved this 31st day of May, 1893.

AN ORDINANCE.

AN ORDINANCE providing for the condemnation of all wooden sidewalks on both sides of Second street from the west line of Moniteau avenue west to the east line of Grand avenue, and for the construction of new sidewalks in the place of the walks so condemned, including grading and filling for the same.

Be it ordained by the council of the City of Sedalia, Missouri, as follows:

SECTION 1. That all wooden sidewalks on both sides of Second street from the west line of Moniteau avenue west to the east line of Grand avenue, in the City of Sedalia, Missouri, be and the same are hereby condemned.

SEC. 2. That in place of the walks so condemned by section 1 of this ordinance there be made and constructed at such places and in front of such property as now have wooden sidewalks, new sidewalks, and that the said new sidewalks to be so constructed in the place of those by this ordinance condemned shall be made and constructed out of either brick, stone or concrete, and shall not be less than six feet in width from Moniteau avenue to Vermont avenue and the balance thereof five feet in width, and if constructed by public contract, or by the city, after a failure to receive bids for the construction of the same after due advertisement, then they shall be six feet in width from Moniteau avenue to Vermont avenue and five feet from Vermont avenue to Grand avenue.

SEC. 3. All sidewalks constructed in pursuance of the provisions of an act of the general assembly of the State of Missouri entitled, "An act to repeal article 4, of chapter 30, of the Revised Statutes of Missouri of 1889, with all amendments thereof, said article being entitled 'Cities of the third class,' and to enact in lieu thereof a new article, providing for the government of cities of the third class." Approved April 19th, 1893, and particularly in conformity to the provisions of sections 112 and 113 of said act and also in conformity to the provisions as the fourth sub-division of section 108 of said act.

SEC. 4. All ordinances and parts of ordinances so far as they are inconsistent or in conflict with this ordinance are hereby repealed. This ordinance shall take effect and be in force from and after its passage and approval.

Passed by the council this 29th day of May, 1893.

CLEMENS HONKOMP,
President of the Council

Approved this 31st day of May, 1893.

[SEAL.] CLEMENS HONKOMP,

Mortgagee's Sale.

Having failed to get a purchaser for the Farnham & Crawford stock in bulk, I shall for the next ten days, at the old stand on Second street, sell Folding Beds (children's and adults), Hall Trees, Pier Glasses, Side Boards, Office Desks (rolling tops), Bedroom Sets, Dressers, Book Cases, Cheffoniers, Cabinets, Office Chairs, Baby Buggies, Wardrobes, Dining Tables, Kitchen and Stand Tables, Washstands, Bureaus, Stairs, Safes, Mattresses, Pillows, Pictures, Looking Glasses, Springs, Parlor Suits, Lounges, Fancy and Plain Chairs, Rockers, Cribs, Wood and Cane-seated Chairs, Dining Chairs, Music Stands, Easels, Commodes, Brackets, Hat Racks, Clock Shelves, Medicine Cases, Wall Pockets, Towel Racks, and a thousand and one household articles for ornament and use.

\$10,000

Worth of fine furniture of the latest style and finish must be sold at once. The stock is full, elegant and good. The misfortune which overtook the worthy members of the firm of Farnham & Crawford in the shape of financial embarrassments put me in charge of this stock as trustee. The sale is therefore a MORTGAGE SALE. Every one knows what that means. It is, in a nut shell, that the goods will be sold not at cost or above cost but FAR BELOW FACTORY PRICES. This is precisely what is going to happen. It is the first chance in Sedalia for real bargains in furniture. This is no advertisement to be discounted 50 per cent. It is, on the other hand, a statement of fact made by me in reference to a matter that all generous people regret. No one should want to see reputable merchants fail. No one should want to see prices demoralized by the forced slaughter of goods. But it cannot be helped, and since it is so, what are you going to do about it? If you are shrewd you pull out your fingers in the pie, since it is baked and ready and mighty fine pie, too. As the adage has it: "Make hay while the sun shines." The proverb saith: "It is an ill wind that blows nobody any good." A penny saved is as good as two earned. As the immortal bard has written it: "There is a tide in the affairs of men which, taken at its flood, leads on to fortune; Omitted, all the voyage of their life Is bound in shallows and is miseries." In plain English, you have a chance to save some money and will you act wise or otherwise?

Henry Lamm, Trustee.

OLDEN TIMES.
Daily Lists for the Year 1821—La Fayette City Tribune.
Readers don't require much money to operate the machinery of the state government when our grandfathers' fathers were at the helm. acclimating the location and vol- taxable wealth in the days of Missouri's extreme youth, says Jefferson City Tribune, the fol- lowing extract from the "List of the year 1821," charged against several counties, may be of more than passing interest:

The foregoing list, it will be noticed, contains the name of a county now almost forgotten. In fact, but very few readers will be able to recall that there ever was such a county in the state as "Lillard." Lillard county figured but for a very brief period in the affairs of the state. It was formed in 1820, and sometime between 1821 and 1826 the name was changed to Lafayette. It is interesting to note that some of the older compilers always wrote the name "La Fayette."

Waltzing Record Broken.
The world's continuous waltzing record of sixteen hours, established at Farnham hall, New York, in 1884, by Prof. Carlier, was smashed by Denver young man who danced sixteen hours and thirty minutes, today of this week, when the name society interfered and the dance made him resist. Thirteen

couple started. Two young men fainting, having danced constantly sixteen hours, with the remaining ten in a bad condition, when the police interfered. Each declared his intention of out-dancing his competitor. The men were allowed six lady partners apiece who relieved each other at stated intervals. The prize contested for was a \$300 medal.

Commencement Exercises at Marshall and Booneville.

The annual commencement exercises of the Missouri Valley college will be held in Marshall June 2 to 8. The programme for the week is as follows: June 2, academic exercises; June 3, academic exercises; June 4, baccalaureate sermon by Rev. J. H. Houk, of Warrensburg; June 5, public union meeting of literary societies; June 6, field day of athletic societies and music and art; June 7, meeting of college alumni; June 8, presentation of diplomas and address to the class by Dr. McGlumphy.

The forty-ninth scholastic year of the Kemper family school, of Booneville, closed yesterday afternoon with the usual commencement exercises. There were but two graduates—Lawrence V. Darrow, of Parsons, Kan., and Roy Hall, of Medicine Lodge, Kan. There has been a spirited contest between the two young men during the year for the two prizes to be awarded, which ended happily in each securing one. Darrow won the Clarence Evans medal for superior oratory, and Hall received the Washington and Lee University scholarship, he having obtained the highest standing.

This closed one of the most prosperous sessions of this widely known institution. The alumni failed to have the usual annual meeting, and the old officers will probably hold over until next year, when they will celebrate the fifteenth anniversary.

We are sellers, not holders of goods. The Store brings rare opportunities to you. It is able to do so. Knowing what heavy buyers we are, and for cash, manufacturers great and small are anxious to sell us.

You will notice we do not stress the manufacturer's name, and that we seldom tell you it's Lubin's this or Perrin's that, or Brown's, or Smith's, or Jones's.

Why? Because you are dealing with us and not the maker. You know us; you don't know the thousands of makers whose goods you buy from day to day.

We want you to rely upon us, and not the maker.

We take all the responsibility. Our buyers have all sorts offered to them. They select the best, and that's what we offer to you. You buy these dependable goods, and then you may do as you please—keep 'em if you like, or bring them back at once with duplicate slip and get your money again.

A County Directory.

County Assessor J. M. Logan has just completed a directory that contains the names of every tax payer in Pettis county, together with the postoffice addresses. There are 3,100 names and thirty-three postoffices, so it is not surprising that Mr. Logan was three months in completing the work. It is his intention to have a number of copies printed for the purpose of placing them on sale. That the work is complete and valuable is assured to all who are acquainted with "Uncle Jack" and his methods of doing business.

Prof. Gwynn's Afflictions.

The friends of Prof. J. K. Gwynn, executive commissioner of the Missouri state building at the World's fair, will regret to learn of his late bereavement and present severe illness. Recently, says the Nevada Mail, he lost a sister by death, and another sister is seriously sick. Besides this, Mr. Gwynn himself is seriously sick from an affection of the brain. A private letter from his department at Chicago, under date of May 29th, says "a few days' rest may restore him."

CATON'S Nerve Tonic and Vitalizer.
QUICKLY CURES
General & Nervous Debility,
Spinal Exhaustion,
Neurasthenia, etc.

Completely, Perfectly and Permanently Rejuvenating the Vital Energies; Increasing Nervous Power, Renewing the Ambition of Youth and the

COURAGE OF MANHOOD;
Restoring to Enfeebled, Enervated, Exhausted, Depleted or Overworked Men and Women

Perfect Constitutional Powers.

Its extraordinary curative power manifests itself almost immediately it is taken. On this point the evidence of those who have taken it is uniform and positive. They say they can feel the effect of every dose doing them good. It is a powerful nerve invigorating tonic, imparting its restorative influence through the medium of the nervous system to every organ and tissue in the body. It makes but little difference whether the constitutional vigor has been undermined by acute disease, overwork, or certain mischievous indiscretions, or whether the broken down condition is called by one name or other, so long as there is nervous exhaustion, general or local weakness—so long as enervation and debility are the type of the ailment, this is the remedy.

THOSE WHO SUFFER

from the results of over-mental or physical exertion, hardship, expense, hidden drains, caprice or who have brought upon themselves a series of afflictions by ignorantly or wilfully violating nature's laws, will find in **Caton's Vitalizer and Nerve Tonic** the remedy for their certain relief. It speedily removes all evidences of progressive physical deterioration and restores the enervated energies to their natural vigor.

WHENEVER THERE IS

any weakness of the vital organs, nervousness, prostration of the physical or mental energies, confusion of ideas, lack of self-confidence, irritability of temper, melancholy, cowardice, weakness of the knees and back, palpitation of the heart, dragging pain in the head, headache, irritation of the eyes, neuralgia, many other nervous and hidden wastes, resulting in a failure of the mental and physical powers, constituting an impediment to success and hindering him or her for the duties and responsibilities of life, is the remedy par excellence.

A single package will be sufficient to inaugurate the work of regeneration, and cure in many cases, but stubborn cases need more. It will be sent, postpaid, secured from observation, for \$1.00 per package, or 6 packages for \$5.00. Address all orders to

ST. LOUIS CLOTHING COMPANY

I. F. FRENSDORF, Manager

THE RAILROADS.

A receiver has been appointed for the Little Rock and Memphis road.

Conductor Sam Lovitt came up from Tipton yesterday afternoon and returned home to-day.

The National Association of Railway Surgeons is meeting at Omaha again to-day and will continue over to-morrow.

The St. Louis, Guthrie and Western is the title of a proposed railroad to be built direct from St. Louis into Oklahoma.

General Roadmaster Rockwell, of the M., K. & T., has completed his work of inspecting fifty thousand ties on the St. Louis extension.

Suit is pending before the United States court of appeals at St. Paul that involves the very existence of every traffic association.

Sixty tickets were sold at Warrensburg Wednesday by the Missouri Pacific for the laying of the corner stone of George R. Smith college in this city.

At the Pacific Mail meeting at New York yesterday a new board of directors was chosen, who elected Colis P. Huntington as president to succeed George Gould.

The Atchison's cheap World's fair rates go into effect to-day and the chances are that the bottom will be knocked out of western World's fair rates in less than a week.

At a special meeting, Mobile and Ohio stockholders elected directors and instructed them to acquire the new Montgomery, Tuscaloosa and Memphis road, which will be made a branch of the M. & O. system.

Good For the "Katy."

The Missouri, Kansas and Texas railway has issued a circular announcing that all employees wishing to visit the World's fair will be granted a leave of absence of two weeks, with transportation furnished. This leave is only granted to a certain number of men at one time.

The Employees May Become Stockholders.

President Fish, of the Illinois Central railway, has given employees of the company permission to invest in stock in the company by making payments in installments of \$5 or more. The company will pay interest at 4 per cent on such payments until the sum is sufficient to pay for a share of stock, when

the certificate will be issued. This plan is open to employees only and in case one should leave the company's service the amount on deposit must be withdrawn with accrued interest to the date of leaving the service of the company.

The "Flyer" Train.

From New York to Chicago in twenty hours is a wonderful performance over an American line of railroad; and the company that has inaugurated the enterprise is entitled to credit. It is to be hoped no accident will occur to discourage the continuance of the service. The "exposition flyer" is not likely to be a popular train, partly because it is costly, and partly because the majority of travelers cannot be persuaded that it is not more dangerous to ride at the rate of fifty miles an hour than at the rate of thirty; but there will probably be passengers enough to make the train pay at the higher price charged, and would be if the rate of speed were a hundred miles an hour and the danger much greater.

A "Benefit" Dinner.

Mrs. Dr. Lamb, of Hannibal, who is visiting in Marshall, writes interestingly to a friend in that city of a dinner given in Marshall in the interest of the Confederate home. She says: "The ladies here gave a dinner for the benefit of the parlor at the home. I of course helped with all my might, and if you could have seen the earnestness of these good people--both ladies and gentlemen--it would have done you good. Just think of it, they cleared \$100 at a twenty-five cent dinner and had only \$15 expense--everything being donated. I did wish for some of our society just to see the difference in the way people work. These ladies will give as a memorial an onyx table with silver service. Some of the older ones knew my father and the younger ones have been raised to respect him."

Mr. Hopkins' Territory.

Supt. Hopkins, of the Missouri Pacific, to-day took charge of the following portions of the system: Missouri Pacific Railway, St. Louis to mile-post 277 (including tributary branches); Sedalia, Warsaw and Southern railway; Lexington and Southern division, Jefferson City, Booneville and Lexington division; Nevada and Minden division; Interstate division; Kansas and Colorado Pacific railway (Chetopa to Coffeyville); Fort Scott Central railway.

PARKER'S PILE.

He Was Paid Ninety-Three \$1,000 Bonds Yesterday.

Col. Albert Parker, ex-postmaster of Sedalia, was referred to as follows in a Kansas City dispatch to to-day's *Globe-Democrat*:

The \$180,000 of indebtedness which Pleasant Hill township owed as its share of the Cass county obligation of the bonds of the Tebo and Neosho railroad was settled to-day on a basis of 52 cents on the dollar.

Judge Wray of the county court, County Clerk T. T. Maxwell, County Attorney A. E. Whitsett and County Treasurer Downing Miller arrived in the city this morning and went to the office of the United States circuit clerk, in the federal building, where they met Col. Albert Parker, of San Diego, Cal.

Col. Parker is the owner of all the bonds for which Pleasant Hill township is liable, and he exchanged them for ninety-three new \$1,000 bonds, dated January 1, 1892, and paying 5 per cent interest. The new bonds are all due in twenty years, but are redeemable any time after five years.

All the townships in Cass county have effected a compromise with the bondholders, except Polk township, which is having funding bonds lithographed, preparatory to an early settlement at 80c. on the dollar. The county is still indebted on the bonds issued for the railroad which was never built, to the extent of \$810,000, which it is willing to settle on a basis of 70 per cent, as suggested by Judge Philips.

Some of the bondholders are unwilling to agree to the proposed compromise, and the day of settlement is necessarily deferred.

A Sensational Find.

The body of a well-dressed man was found floating in the Missouri river near the ferry, north of Independence yesterday. Evidence

points to murder, as a hole from a large-sized pistol shot was found in the temple. He was about 30 or 35 years old, 5 feet 8 inches high, and weighed about 160 pounds. In the pocket was found a knife and \$1.82 in money, but nothing could be found which gave any information concerning him. It is supposed that the body had been in the water five or six days. The coroner's jury charged murder by parties unknown.

A SERIOUS JOKE.

When a Petition is Presented, Always Read It.

Don't sign anything without first reading. It may be a promissory note. At Springfield, recently, a man made a wager with some friends that he could get signers to a promissory note payable to himself.

The note was drawn up in due form with interest at 8 per cent. Four business men, quoted high in finances, readily signed the "petition for a sidewalk," not knowing that it was a note for \$5,000 payable one day after date. The note was taken to a bank and word was sent to the parties that their note was in the bank for collection. Then there was revelry on the street.

Those men went to the bank hot with rage, only to be confronted with their own signatures to a note for \$5,000. Then their faces blanched with wonder and a lingering suspicion of forgery.

Finally a meeting of the debtors and creditors was called and it was decided to compromise the matter by the four men buying a supply of cigars for the crowd. The cigars were bought and the note cancelled.

Acquitted of Grand Larceny.

In the circuit court at Nevada, yesterday, ex-County Recorder A. J. King was cleared after trial on a charge of grand larceny in retaining fees beyond his salary during his incumbency in office.

There were two indictments against the defendant of two counts each. The first count, which charged embezzlement, was stricken out on demurrer and the defendant went to trial on the second count, which charged grand larceny. His counsel entered a demurrer to the evidence introduced by the state, which was also sustained by the court.

MISSOURI CROPS.

Wheat in Poor Condition and the Outlook Unfavorable--Fruit Declining.

The weekly Missouri crop bulletin, issued from the state agricultural college May 31st, reports temperature the past week to have ranged from normal in the southern counties to seven degrees deficient in the northern. The sunshine of the week was average. The cold storm and heavy rainfall of Thursday and Friday caused considerable damage, necessitating some replanting. The southwest part of the state escaped the storm.

Corn planting will not have been finished before June 3. The acreage will be average, much wheat having been plowed up and replanted to corn. Wheat is heading out, is in poor condition, and cheat is complained of. Chinch bugs have appeared in the southwest. The outlook, therefore, is very unfavorable. Oats promise excellently. Grasses look well, stock is healthy, while fruits are declining. Light frosts occurred in northern counties, but did no harm.

Early Closing To-night.

The merchants of the city enter upon the season of early closing to-night, every down-town business man in the city except two having joined the movement.

Will Jones Get the "P.D."?

It looks more and more like there is something in the rumor that Col. Jones, late of the *Republic*, will get control of the St. Louis *Post-Dispatch*, says the *Hannibal Journal*. The strongest indication is that paper's silence. It has quit poking fun even at the colonel's whiskers.

Regarding Street Curbs.

To the Editor of the DEMOCRAT.

As there is at present a great number of permanent curbing laid down a number of streets, it seems necessary that the council add regular system as to the width of sidewalk grounds.

On some streets they are ten or fifteen feet, and as the curbing is turned to the building line each street corner, it will cause expense to the owners of corners if a change from ten to fifteen feet is made later in the width of the sidewalk grounds.

It would be an easy matter for the council to designate the streets on which ten or fifteen feet sidewalk grounds shall be. CITIZEN.

An Elevator Burned.

Tuesday night about 11 o'clock, Lewis Cline's elevator at Nelson, Saline county, burned to the ground, together with 2,700 bushels of corn and a Missouri Pacific freight car. The building was a two story frame and it, with its contents, was fully insured. The fire is thought to have started in the engine room.
